The State Tax Commission hereby DECIDES:

- (A) It has been the consistent policy of the Commission to disallow interest expense attributable to subsidiary capital in accordance with Section 208.9(b)(6) of the tax law.

- (C) Interest expense disallowed in (4) above is properly attributable to subsidiary capital.
- (D) Since 50% of non-subsidiary dividends are includable in entire net income, only 50% of foreign taxes paid on such dividends are deductible in computing entire net income.
- (E) It has been the consistent policy of the Commission to require the deduction of foreign taxes, on items included in investment income, from investment income, in accordance with the provisions of Section 208.6 of the tax law.
- (F) Section 1084 of the tax law provides no exception for the imposition of interest on adjustments made in accordance with Section 208.9(b)(6) and Section 208.6 of the tax law.
- (G) The deficiencies, computed in (4) above, are affirmed as correct, together with additional interest from August 14, 1970, in accordance with Section 1084 of the tax law.
